

CIRCUS QUEST

WAR PATH

ONE-SHOT MODE

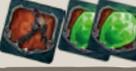

ONE-SHOT MODE

This guide allows you to choose the Quest of your choice and set off on an adventure. Start by setting up your chosen Quest, then follow the following steps:

- 1) Each player selects the Hero of their choice.
- 2) The Badass Token is placed on the position indicated in the “Badass Points” column and the Badass Limit Token is placed on the “30” position.
- 3) Each Hero chooses and collects the number of Skill Cards indicated in the “Skill Cards” column, respecting the level of each card.
- 4) Then, make a draw pile with the Loot cards from the Core Box and those from the Chapter played. The Heroes randomly draw the number of Loot cards indicated in the “Loot Cards” column and distribute them among themselves.
- 5) Finally, the Heroes choose Kraft cards from those in the Core Box and from the Chapter played according to the number indicated and distribute them among themselves. They do the same with Relic, Enchant and Fragment of Power Cards.

The Quest can then begin.
